When the weather is cold, snowflakes may fall.

Snowflakes begin high in clouds.

Snowflakes are light and soft. They stick together and make a fluffy cover on everything.

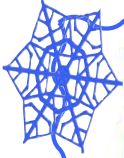

Color this picture!

What do you like to do when it snows?

When snow is on the ground, animals leave footprints when they walk, run, or hop. You can find out what animals live nearby.

Match each picture to its name and footprints. Make up a story about one of them.

Color this picture!

rabbit

bird

child

squirrel

cat
